Virginia and West Virginia
State Departments of Agriculture

P R E F A C E

The Federal-State Market News Service began collecting shipping point information and issuing daily market reports for the 1975-76 apple season on September 11, 1975.

This publication is a summary of the Appalachian District apple production, shipments, F.O.B. sales, selected terminal sales, and distribution records for the 1975 apple crop.

The summary was prepared by the Federal-State Market News office located in Martinsburg, West Virginia. This office was operated by the United States Department of Agriculture, Agricultural Marketing Service cooperating with the Maryland, Pennsylvania, Virginia and West Virginia State Departments of Agriculture.

Truck shipments on a weekly basis were obtained directly from shippers.

The Appalachian District is composed of the following areas:

Virginia - Roanoke and nearby points, northward including the Shenandoah Valley and the growing areas immediately east of the Blue Ridge.

West Virginia - The four eastern counties of Jefferson, Berkeley, Morgan and Hampshire.

Maryland - The three western counties of Allegany, Washington and Frederick.

Pennsylvania - Primarily the southeastern counties of Franklin, Adams, York, Berks and Lehigh.

Kathleen A. Brubaker
Local Representative
Martinsburg, West Virginia

Additional copies of this summary may be obtained from:

TABLE OF CONTENTS

Preface.....	3
Review of the 1975 Apple Crop.....	5
Production of 1975 Commercial Crop.....	6
Unharvested Production and Excessive Cullage 1975 Crop.....	7
Average Production of Commercial Crop and Value	7
Production by Varieties of 1975 Crop - United States.....	8
Production of Varieties of 1975 Crop - Appalachian District.....	8
Value of 1975 Commercial Apple Crop.....	9
Combined Rail and Truck Unloads in the 41 Major Markets.....	10
Weekly Appalachian District Shipments and Export Movement.....	11
Weekly Shipments from Competing Areas.....	12
Weekly F.O.B. Price Range - Appalachian District.....	13 & 14
Weekly Wholesale Terminal Prices for Appalachian District Apples.....	15 - 19

REVIEW OF THE APPALACHIAN DISTRICT 1975-76 SEASON

SHIPMENTS & PRODUCTION: According to the Crop Reporting Board, Statistical Reporting Service, United States Department of Agriculture, production was up 15 percent for the Appalachian District compared to the 1974 production. The 1975 volume of production was reported at 1,306 million pounds compared to 1,135 million pounds for 1974. Shipments from the Appalachian District during the reporting season totalled 6,291 carlot equivalents. The reporting season started on September 12, and closed April 29, although light shipments continued into July. Processors utilized 52 percent of the 1975 crop compared to 59 percent of 1974.

Pennsylvania was the leading producer in the Appalachian District with 550 million pounds followed by Virginia, 430 million pounds; West Virginia 240 million pounds and Maryland 86 million pounds.

The main varieties ranked by volume of production were York Imperial 341.1 million pounds; Red Delicious 258.7 million pounds; Golden Delicious 211.7 million pounds; Stayman 179.6 million pounds; Rome Beauty 138.5 million pounds; Winesap 41.1 million pounds; Jonathan 33.7 million pounds; and others 96.9 million pounds.

LOCATION: The Appalachian District consists of portions of Maryland, Pennsylvania, Virginia, and West Virginia which lie along the Eastern Appalachian Mountain Range. The most important producing areas within the district are the Shenandoah Valley of Virginia, West Virginia's Eastern Panhandle, Western Maryland and Southeastern Pennsylvania.

GROWING CONDITIONS & HARVESTING: Generally, favorable weather prevailed throughout the growing season. Trees over-wintered with no significant damage. The bloom was heavy and excellent weather at pollination time resulted in good set. June drop was heavy in some orchards but most came through in good shape. Size was generally small and a greater percentage of fruit was moved in film bags. Light shipments of Red Delicious began in Southern Virginia the last week in August. McIntosh and Jonathans began moving in Northern Virginia and West Virginia during the first week of September. Heavy rains during the last half of September delayed harvest, resulting in variable quality and condition.

PACKAGING & MARKETING: The predominant pack was film bags packed in master containers. Most frequently used were 12-3 pound, 12-4 pound, 10-4 pound and 9-5 pound film bags. A few packers used film overwrapped trays. Practically all used traypack cartons and some used bulk containers of approximately one bushel. Some sales were made to chain stores in bulk bins.

F.O.B. prices for cartons containing 12-3 pound film bags graded U.S. Fancy or better, 2½ inch and larger and for cartons traypack graded U.S. Combination Extra Fancy-Fancy mostly 88-113s sizes were as follows:

REGULAR STORAGE:

Red Delicious 12-3 pound film bags opened at \$5.00, quickly dropped to \$4.00 and remained at that level throughout the season. Traypack cartons opened at \$8.00-9.00, quickly dropped to \$5.50-6.00 for the remainder of the season.

Golden Delicious 12-3 pound film bags opened at \$5.00 quickly dropped to \$4.00-4.25 and remained at that level. Traypack cartons opened at \$8.00, by mid October dropped to \$5.50-6.00 for the rest of the season.

Red Rome 12-3 pound film bags were \$3.75-4.00 through December and \$3.50-3.75 the remainder of the season. Traypack cartons opened at \$5.50-6.00, dropped to \$5.00-5.50 early in December and remained at that level.

Red Stayman 12-3 pound film bags were \$3.75-4.00 through January and \$3.50-3.75 the balance of the season. Traypack cartons were \$5.50-6.00 throughout the season.

Red York 12-3 pound film bags were generally \$3.50 and traypack cartons were \$5.00-5.50 throughout the season.

CONTROLLED ATMOSPHERE STORAGE:

Red Delicious 12-3 pound film bags opened the middle of February at \$5.00-5.50, rose to \$6.00 early in April and to \$6.25-6.50 at the end of the reporting season, April 29. Traypack cartons opened early in March at \$6.75-7.00, quickly moved to \$7.00 for the remainder of the reporting season.

Red Stayman 12-3 pound film bags opened at \$4.50-5.00 the first of March and quickly moved to \$4.75-5.00 for the remainder of the reporting season. Traypack cartons were \$7.00 throughout the season.

Red Rome 12-3 pound film bags opened in late March at \$4.75-4.80, quickly moved to \$4.75-5.00 for the rest of the reporting season. Traypack cartons were \$6.00-6.75 throughout the season.

Export movement for the 1975 crop totalled 165,171 packages, a 19 percent decrease from the 204,193 packages exported in 1974. Red Delicious accounted for 68 percent of the volume.

COLD STORAGE: Cold Storage holdings on October 31, 1975 totalled 3.5 billion pounds, up 10 percent from 3.1 billion pounds on October 31, 1974.

The combined holdings of Pennsylvania, Virginia and West Virginia on October 31, totalled 467 million pounds, down one percent from the 472 million pounds held in 1975.

7/ Maryland included under others.

*Rail and truck unloads are in carlot equivalents - 900 boxes or cartons (40-45 pounds)

APPALACHIAN DISTRICT SHIPMENTS

Appalachian District truck shipments are shown in carlot equivalents, with 900 packed cartons designated as a carlot. Shipments are reported on a weekly basis with the first report for the week ending September 5, 1975, and the final report for the week ending April 30, 1976. Shown for comparison are 1973 and 1974 crop shipments.
