Market News Branch  
WASHINGTON, D. C.

MBP0000379

Released May 1964

P R E F A C E

Commodities reported in this summary are outlined in Table of Contents shown below. Mixed cars containing 90% or more of one commodity were reported as that commodity. When no single commodity comprised as much as 90%, cars were classified in their proper mixed category; for example, mixed citrus fruit, mixed vegetables, etc.

Shipments shown in detailed tables are rail shipments, including RAIL-TRUCK (piggy-back), moving on initial line-haul waybills. Rail-truck is identified by the symbol R/T appearing adjacent to State of origin. Where the word "Boat" is shown directly after the State of origin, this represents boat shipments of domestic production which moved truck-to-boat, except for Puerto Rico. Only Puerto Rico shipments entering the United States are reported. Domestic truck shipments and imports are identified and reported where information was available.

California truck is expressed in two categories -- Interstate Passings and Unloads. The interstate passings are outbound movements of California production reported at border stations. The unloads are truck receipts of California production in Los Angeles, Oakland and San Francisco. Arizona truck is interstate movement only.

The following abbreviations were used to identify California rail shipments by districts: ND - Northern District; CD - Central District; SD - Southern District; and IV - Imperial Valley.

Factors used to convert truck and boat movements to rail carlot equivalents are outlined on page 3.

Imports reported herein were taken from official records of the U. S. Department of Commerce, with the exception of some Mexico production reported direct by railroads.

Cooperation on the part of railroad, express and steamship agents, and officials of State Departments of Agriculture and farmers' markets in furnishing information, as well as members of the produce industry in furnishing records of motortruck movement, is hereby gratefully acknowledged.

# Lower Valley only.

% California "Passings" are included in Mixed and Miscellaneous Melons "Passings".

@ Includes all cantaloup type melons except cantaloups.

\* U. S. Department of Commerce import records do not indicate specific classes for miscellaneous melons--probably mostly honeydews.
