SHIPPING POINTS

STATISTICAL BULLETIN NO. 553
UNITED STATES DEPARTMENT OF AGRICULTURE
AGRICULTURAL MARKETING SERVICE
FRUIT AND VEGETABLE DIVISION
WASHINGTON, D.C. 20250 JUNE 1976

P R E F A C E

Prices listed in this report represent sales in wholesale lots of certain fresh fruits and vegetables at New York City, Chicago and at important shipping points where market news field stations were located during 1975.

Wholesale prices for private sales at New York City and Chicago are simple averages of representative prices for each Tuesday. In arriving at the Tuesday prices, local market reporters consider estimated volume of sales at different price levels, quality, condition, and other factors. These wholesale prices in most cases represent private sales in wholesale lots. Generally they represent sales made by the first seller on the wholesale market. In a few instances, prices representing sales at auction are reported, but these are indicated in the body of the report. Prices are for stock of generally good merchantable quality and condition, unless otherwise stated. Grades are shown where quoted by grade.

Prices reported for important shipping points or areas are simple averages of the mid-points of the daily range throughout the year as reported by local market news offices. They refer to sales in straight or mixed carloads or truckloads, unless otherwise noted. An average shipping point price for a month generally is shown only when there were quotations for six or more days for daily, four or more for semi-weekly, and two or more for weekly reports during the month.

"Sales f.o.b." are transactions in which the buyer assumes responsibility for the commodity at shipping point. "Delivered sales, shipping point basis" are transactions in which the seller assumes responsibility for delivery to the market. However, transportation and protective service charges are not included in prices shown.

Prepared by
United States Department of Agriculture,
Agricultural Marketing Service,
Fruit and Vegetable Division,
Market News Branch,
Washington, DC 20250.
