

Florida SHIPMENT 1968-69 Seasons
FRUIT and VEGETABLE

FLORIDA FRESH FRUIT AND VEGETABLE INTERSTATE SHIPMENTS
Carlot and Carlot Equivalents

SOURCE OF SHIPMENT DATA: The U. S. D. A., Fruit and Vegetable Market News Branch in Washington tabulates the rail information from reports which were furnished by the various originating rail lines, and was the source of the rail data. Citrus truck shipments were from the certified records of the Florida Citrus Inspection Service. Vegetable truck shipments shown here were collected through the help of the Florida Road Guard Inspection Stations at check points strategically located along the St. Marys River and Suwannee River. Mixed rail carlot analysis was made by the U. S. D. A., Florida Crop Reporting Service, and was based on the mixed rail car waybills.

Reported crop year in this publication extends from September 1 through August 31. Truck conversion factors are shown in the notes on Page 10.

TABLE OF CONTENTS
