PREFACE

The Price Summary for 1985 was compiled by using the Pittsburgh Daily Wholesale Market Reports issued by the Federal-State Market News Service. The quotations shown reflect wholesale prices charged by primary receivers for varieties, grades, and sizes which were in the most consistent supply. Prices are for stock of good merchantable quality and condition unless otherwise stated by Federal or State Grades. High prices for fine quality stock and prices for inferior quality and condition were disregarded. The prices used were generally taken from Monday's daily report. When Monday was a holiday or there were no offerings, the quotation from the nearest day was used. State of origin for some commodities is shown in footnotes.

Copies of summaries may be ordered from this office and will be mailed at a cost of \$8.00 each. Copies for previous years may also be ordered. Summaries were not issued for 1981 or 1982.
