\*FOREWORD\*

This publication summarizes information presented in the "Seattle-Tacoma Wholesale Ornamental Crops Report", and the "Ornamental Crops National Market Trends" report, issued by the Federal-State Market News office in Seattle, Washington during the calendar year 1991.

Wholesale market prices are for dates specified, generally a Tuesday, and represent the "mostly" price, excluding high and low levels. Prices are for stock of generally good merchantable quality or condition unless otherwise noted. Wholesale market prices are for sales to retailers and are for ornamental stock from various locations.

Prices tabulated were from the Seattle-Tacoma Wholesale Ornamental Crops Report for January 03, 1991 through December 31, 1991. The report is published Tuesday and Thursday by the Seattle office of the Federal-State Fruit and Vegetable Market News Service, U.S. Department of Agriculture, Agriculture Marketing Service.

We express our thanks to all those who have provided information to us so that this summary could be made available. In particular we wish to express our gratitude to the growers, shippers and wholesalers of the ornamental industry.

Additional summaries and back issue copies may be picked up at this office at a charge of \$8.00 per copy. Summaries are mailed at a charge of \$10.00 per copy.
